let's change
YOU. US. THE WORLD.

10 reasons to study at The Hague University of Applied Sciences (THUAS)

1 Diverse community

International lecturers with varied backgrounds and students from over 140 different countries.

2 Employability

THUAS bachelor's degree programmes focus on enhancing employability through mandatory internships and practical, industry-relevant skills.

3 Mandatory internships

Internships are a mandatory part of your bachelor's degree at THUAS.

4 High starting and average salaries

Starting salary of university graduates: €2200 - €3000 per month. The average salary in the Netherlands is €2855 per month.

5 Degrees with high demand for skilled labour

- BSc Applied Computer Science
- BSc Electrical and Electronic Engineering
- BSc Industrial Design Engineering
- BSc Chemical Engineering

6 Cosmopolitan student city

The Hague is a vibrant and cosmopolitan city right in the heart of Europe, offering a dynamic cultural and social environment.

7 Exchange opportunities

The university has 300+ exchange partners from more than 50 countries.

8 Vibrant campuses

Depending on your bachelor's degree, you will study at modern campuses in The Hague or Delft.

9 Beach and nature right on the doorstep

The beach is only a 20-minute tram ride from the city centre, and there are over 1,000 scenic cycling routes throughout the city, in parks and woodland.

10 Post-study work visa

The Netherlands allows graduates to apply for the Orientation Year (Zoekjaar) Permit after they have completed their studies. This enables recent graduates to stay for a further 12 months.

Why study at The Hague Pathway College (THPC)?

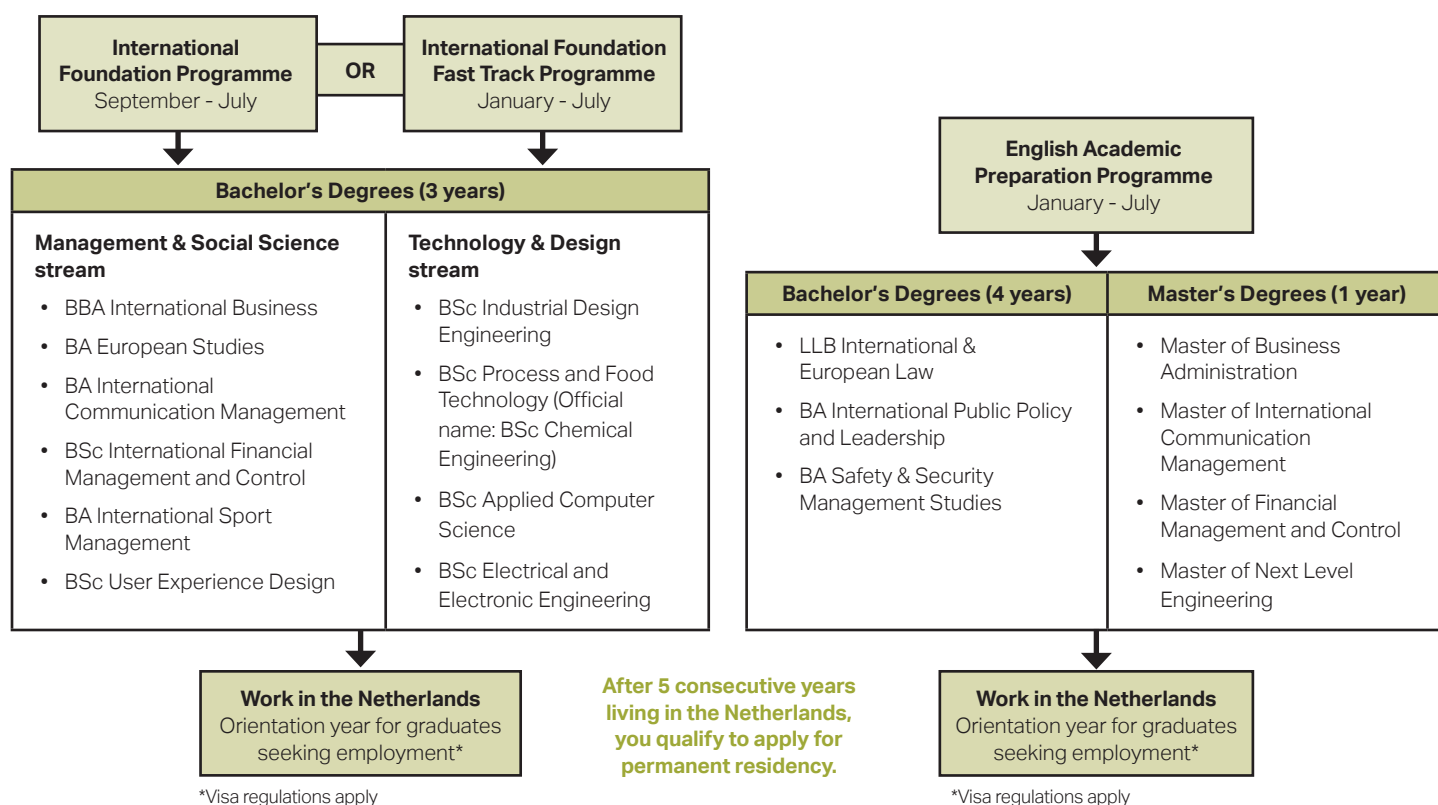

Located right on the The Hague University of Applied Sciences (THUAS) campus, The Hague Pathway College, in partnership with the University, offers International Foundation Programmes leading to globally recognised degree programmes.

*Upon successful completion of the International Foundation Programme

About

The Netherlands, also known as Holland, is a safe and happy country by international standards. The Netherlands' bustling cities are easy to navigate by bike or public transportation, with affordable travel options for students. The Dutch people are globally respected for their openminded, international and innovative perspectives, and over 95% speak English.

The Hague: City of peace and justice

The Hague (Den Haag), welcomes people from all over the world to work together on solutions to global problems. With the Peace Palace at the centre of it all, The Hague is truly an international city of peace and justice. It is a cosmopolitan city that attracts over 40,000 students, making it truly diverse. THUAS is located in the heart of the city centre, allowing students to get an all-round student experience.

You'll never run out of things to do in The Hague:

- Head to the beach, just a short bike 15-minute ride from the city centre
- View the artwork of Dutch masters at the 30+ museums or watch a performance by a nationally renowned theatre company
- Visit the bustling public outdoor markets offering local foods, antiques, books and goods
- Sample Dutch food favorites or visit one of the popular international restaurants or takeaway shops.

Travel across Europe and beyond

Your student visa will grant you the unique opportunity to travel through Europe during your studies. Hop on a train and you'll be in Amsterdam in under an hour, Paris in four hours and Brussels in just over two hours.

Employment options during your studies

During your studies, you are allowed to work up to 16 hours a week or full-time during your summer holidays. After graduating, you are eligible to stay for one year applying for jobs thanks to the Netherlands' Orientation Year for Graduates Seeking Employment.

Accommodation

Staying in student accommodation, especially in your first year, is a great way to make friends and settle into your new city from a secure and comfortable base. The Hague Pathway College can help you find affordable accommodation.

Our accommodation partner, The Social Hub, offers rooms on a first come first served basis, as there is limited availability. We can also advise students who are looking for rooms with private providers.

accommodation**

Things to remember

- A residential address in the Netherlands is required to register with the municipality
- Please contact us at general@thehaguepathway.nl for any advice or support
- It is important to secure your accommodation as soon as possible
- We do not recommend travelling to the Netherlands without having suitable accommodation

Tips

- It is quicker to call the accommodation provider instead of emailing
- The faster you respond, the more likely you will get the room
- Always pay attention to whether the offer is genuine, even though scams are relatively uncommon

Alumni testimonials

Shayan

BA International Sport Management

"The Hague is very international, calm and beautiful. You can enjoy walking in the city, on the beach and travelling to other countries."

Leticia

BA International Sport Management

"Facilities at the university are very good. There are excellent study spots, and the library is impressive. But there are also plenty of places to hang out with my friends. I enjoy spending time there."

Nakai

BSc Industrial Design Engineering

"The foundation year has helped me to adapt to the Dutch education system and how to think critically. This will help me in my Bachelor's degree."

Eduardo

BA European Studies

"Starting at THPC was the perfect way to prepare for my bachelor's programme, which led to my current job as a diplomat at the Embassy of Panama in the Netherlands."
